

Dear Ma'am/ Sir,

I am seeking an opportunity to apply myself to your Pharmacist vacancy in your institution.

I have acquired the skills, training, license and certifications needed to work as a pharmacist, which includes a bachelor's degree in pharmacy. My studies included healthcare, science and clinical work to gain hands on experience in this type of environment and to earn my license to practice.

I have the ability to process and fill prescriptions, provide advice on dosage and administration of the prescribed medication, answer patient's question regarding the side effects or adverse effects of their drug and making sure the medicines are stored appropriately in storage areas. I have the ability to follow detailed instructions and to respond quickly and efficiently in any situations.

My education and training has taught me how to provide rational drug therapy use, cost-utilization and to improve patient's quality of life without sacrificing the quality measurements. My excellent verbal skills make me a great spokesperson for helping to educate patients and the public on how to prevent and mitigate diseases and to provide drug utilization.

I very much hope that you will look favorably upon my application by recognizing my enthusiasm, talents and future potential. Please feel free to contact me at your convenience to arrange an interview.

Respectfully,

Ma. Elizah P. Gomez, RPh

Ma. Elizah P. Gomez
