PROFESSIONAL EXPERIENCE

Bayambang National High School *Special Science Teacher I*

Bayambang, Pangasinan, Philippines
December 2018 – Present

- Implemented a series of activity based learning programs, which resulted in increased student interest in regular lessons.
- Reinvented lesson planning by incorporating contextualized topics across their subjects, bringing students at par with their peers from other schools.
- Pioneered robotics education and research among Grade 11 and 12 students across the school district.
- Implemented an applied behavior analysis program by conducting case studies among 15 at-risk students, which increased cohort survival rate in the school.
- Spearheaded Research Forum, a scientific investigatory project competition that resulted in a 90% increase in students' participation in STEM related exercises.
- Trained selected grade 12 students in various local and national science and robotics competitions.
