Work Experience

Resident veterinarian

Collins Animal clinic - San Carlos

June 2020 to Present

I'm a resident vet, in small animal practice , I do diagnosis , treatment and general surgeries, laboratory fecalysis , bloodworks like CBC, blood chemistry and I do talk to clients explaining importance of diagnosis and further outcomes treatments, to be honest I'm a new graduate it's my first job, I'm willing to learn from the experience I do like to have mentor , thanks
