

CURRICULUM VITAE

PERSONAL DATA

Name : **Prasetyo Susanto**
Place and Data of Birth : Cilacap, March 12th, 1978
Nationality : Indonesian
Religion : Christian
Mobile Phone : **081392621290 / WA**
E-mail Address : **12sprast@gmail.com**
Address : * Jln.Nusantara
 gang.Kendal 1, RT.04 /RW.07
 Tritih Kulon ,Kec.Cilacap Utara
 Kab.Cilacap,Jawa Tengah
Formal Education : S1 (Mechanical Engineering)

Approximately 13 years I'm worked in field of welding department. During over 7 years of welding Job, Including SMAW,GTAW,GMAW (MIG ,MAG) welding Process. Scope in structural construction, oil tank,piping epc and welding in fabrication also field project. The one employee of the company, up to setbacks and make us cuts. My background before welder, but because they want to increase knowledge and science.I worked while in college majoring mechanical engineering , than in 2012. I have graduated in mechanical engineering. Beside that we must familiar with various national and international Codes such as : ASME B1.1 , B31.3 , Sec II , Sec VIII , Sec IX , API 650 , API 1104 , AWS D1.1 etc.

The Last Position is QA/QC Inspector in Tangguh Expansion Project LNG Onshore, Papua .

Training and Qualifications

1. ASNT NDT Level II Radiography Interpreter CP 189 *CertificatedZ*
2. KL Welding Inspector in PT. Bakrie Construction Yard Sumuranja (Cilegon ,Banten) *Certificated*
3. Welding Inspector CSWIP 3.0 TWI *Certificated*
BS EN ISO 17637:2011 Non-dt of welds ,Visual testing of fusion-welded joint.
4. Welding Inspector BNSP LSP MIGAS *Certificated*
5. Welding Inspector SLV Metropolitan Indonesia *Certificated*
6. Welding Engineering Training (API-JWES, Japan) *Attendance Certificated*
According to ISO 14731/ JIS Z 3410 / WES 8103Welding Coordination Personal
7. Jakarta Welding Education Program / BLKI (960 hour) *Certificated*

Other Training

1. March 2017 : Introduction ISO 9001:2015, ISO 14001:2015 ,OHSAS 18001:2007 ,Dan PP NO 50 Tahun 2012 at PT.SLV *Certificated*
2. June 2012 : Korean Lingual Test Graduate *Certificated*
3. May 2010 : Introduction ISO 9001:2008 from PT. JFEEI
4. March 2009 : Environment National Seminar, Chemical Engineering Tech Faculty. Program *Certificated*
5. April - June 2009 : AutoCAD *Certificated*
6. December 2006 : Japan Lingual Test Graduate ,at Japan / JLPT N 3 *Certificated*
7. December 2004 - February 2005 : Japanese Language Training in PT. JFEEI company

Computer Skill : Microsoft Office, Microsoft Excel (a half can)

Other Language : English, Japanese JLPT N3

Motto : Safety, Quality and Priority Production

Work Experience

1. Company : PT. Meindo Elang Indah
Position : QA/QC Inspector [Piping,[Pre Commissioning]
Period : 01 November 2020 – 15 January 2021 { Efek Pandemi Covid-19]
Project : Tangguh Expansion Project LNG Onshore, Train 3, Papua Barat
2. Company : PT.Krakatau Indah
Position : Welding Inspector
Period : 05 Agustus – 19 Agustus 2020
Project : Early Work Phase 2, RDMP RU-IV ,Pertamina Cilacap ,Jawa Tengah
Principal Duties :
 1. Welding Inspection [Before,During and After welding]
WPS welding of spun pile erection.
 2. Make field inspection report

3. Company : PT. Meindo Elang Indah
Position : QA/QC Inspector [Structure]
Period : 27 Desember 2019 – 5 Mei 2020 { Efek Pandemi Covid-19 }
Project : Tangguh Expansion Project LNG Onshore, Train 3, Papua Barat
Principal Duties :

- Make an Inspection report , RFI and ITR.
1. Padding plate elevation review
 2. Plumbness and first girder review
 3. Bolt tightening review
 4. Grouting test review
 5. Inspection observation report / Negative report

4. Company : PT. Nusakura Standarindo
Position : Welding Inspector
Period : 18 September – 25 November 2019
Project : Turn Around RU IV 2019 PERTAMINA Cilacap

Principal Duties :

FOC II all area

- * Welding Inspection of construction, welding Replating 1/3 plate shell & total plate roof quality related to discipline in Furnace
- * Change total ball valve fuel gas for all burner and quantity 14Pcs x 3, size 2" material ss316 trim
- * Change burner assy (single plenum) 12 pcs Cell A and B,
- * Inspection of burner, welding quality related to discipline collection in Furnace
- * Inspection of pipe stem for line burner, welding quality related to discipline collection in Furnace
- * Inspection of tray chime for coloum welding quality related to discipline collection in Furnace
- * Welding Inspection of joint Piping line and Equipment Welding Inspection others.

5. Company : AMS Engineering Solution sdn bhd
Position : Welding QC
Period : 23 Maret - 23 Agustus 2019
Project : Workshop fabrication Marine shipbuilding, in the construction of helideck part with material carbon steel. Welding quality check.
In TH.Heavy Engineering Berhad , Pulau Indah Industrial Park, Selangor , Malaysia.

6. Company : PT.Kalimantan Teknik Utama
Position : Welding Planner
Period : 14 April – 4 June 2018
Project : Workshop fabrication & maintenance planner
Repair Unit vehicle project mine at Berau ,Kalimantan Timur

7. Company : PT. Kutai Refinery Nusantara
Position : QC Mechanical Piping Supervisor
Period : 4 August 2017–31 Oktober 2017
Project : The 2nd Refinery & Fractionation 1500 TPD
Storage Tank & Other Facility Project
at Balikpapan, Kalimantan Timur

Principal Duties

- * Supervise the function of construction quality control related to discipline collection.
- * Ensure that all on site activities are conducted in accordance with the reference doc for the parts of the plant within its area of responsibility, authorizing their acc of qc settlement.
- * Ensure the materials & equipment are properly received, stored, maintained & handled.
- * Perform the process of inspection, control & notification test.
- * Carry out inspection, control & notification test processes.
- * Ensure whenever necessary update of site qc plans / procedures.
- * Ensure the preparation of quality mechanical doc for final handover to the client.

8. Work Experience In South Korea

✓ Company : Gyeonggi gonggeob
Yusin Mulsan
Cheongsol Teukeu
Taeseong Jeonggongsa
Position : Mechanical Process - Visual QC
Period : 23 September 2013 - 4 December 2016
Project : Manufacture

Scope Job :

Checks and final checks fabricated metal product, Checking defects in the plastic material of a mixture of chemicals and the glue, Checking of weld defects on the surface of the body chassis in heavy equipment Doosan excavator, Assembling the press machine, rechecking the last finishing.

9. Company : PT.JFEE-Indonesia
Position : Welding Supervisor
Period : March 2008 - July 2011
Project : Indonesian Projects

- ✓ January - May 2011 : for PT.PMTI (Oil Tank), Bekasi
- ✓ November – December 2010 : for PT. KIC (Separatort Tank), Tambun
- ✓ May - October 2010 : for PT.JSS (Lorry Tank), Bekasi
- ✓ September 2009 - April 2010 : at PT. ILTI, LOBP Expansion (Oil Tank), Karawang
- ✓ January - August 2009 : Maintenance For Customer at Cilacap
- ✓ November - December 2008 : at PT. Tata Jabar, Purwakata
- ✓ October – November 2008 : at PT.ILTI(Oil Tank), Karawang
- ✓ July - September 2008 : at Pipelines Gases, SSWJ Project. Sumatra
- ✓ April - July 2008 : at PT.ILTI(Oil Tank), Karawang

Principal Duties

- * Monitoring the welders training
- * Organize Welder Qualification Tests
- * Welders/fitters and foremen activity coordinating
- * Monitoring and reporting overall project welding performance.
- * Dimensional controls and welding inspection (visual)
- * Monitoring the welder's performance.
- * Supervising the welding operation, checking the suitability of protections and precautionary measure adopted by conditions
- * Supervise production-welding activities
- * Identify the cause of defects on the basis of NDT results and eliminate said causes
- * Improve and apply standard procedures and ensure operations are efficiently executed in Support of the production schedule
- * Supervising over 30 workers for piping & welder production in fabrication workshop
- * Requires an understanding of Inspection Techniques, Inspection and Measuring Instruments, Materials, Welding and Manufacturing Processes.
- * Must have the ability to make rational judgments that is both firm and honest.
- * Must be able to communicate with his peers in a professional man

Work Experiences for Welding Scope / as Welder (SMAW,GTAW ,GMAW)

- Company : JFE E & C
Project : Technical Intern Course PT.JFEE-I
Fabrication
Period : March 2005 - March 2008
Location : Tsurumi, Yokohama ,Japan
- Company : PT. Berdikari Pondasi PerkasaProject
Project : 2 X 300 MW CFSPP PLTU
Period : June 2004 - December 2004
Location : Cilacap, Central Java
- Company : LG E & C
Project : RFCC Project
Period : July 2000 - November 2001
Location : Tou-yuan, Taiwan (R.O.C)
- Company : PT.PERMIKO E & C
Project : Fabrication
Period : January 1999 - April 1999
Location : Cilacap, Central Java

Best Regard

Prasetyo Susanto
