COVER LETTER

Dear Head of Human Resources,

Peace and good health be with you always!

I am submitting my attached resume for consideration for the Medical technologist position you have posted on Facebook. I am confident that my skills and qualification as Medical Technologist with 4 years of experience in hospital settings, I apply with enthusiasm for this opportunity.

It is my personal and professional mission to help especially during this pandemic. It would be an honor for me to contribute to its positive image. My reliable and consistent success in daily tasks is due to my strong focus on my work and my ability to multitask. I am willing and capable of performing any duty. My experience includes providing regular lab test as “Generalist” in Hematology, chemistry, Clinical Microscopy, Blood Bank, Microbiology and Serology. I am also willing to consult on any abnormal results of the test to ensure that it meets that SOP for quality and correctness in the analysis of specimens.

Thank you in advance for your time and consideration. Should you have any questions or require additional information, please contact me at your convenience. I look forward to hearing from you regarding next steps.

Sincerely

Errika Klenn D. Flores
