PROFILE

Compassionate nursing assistant with twelve years of experience in a hospital setting. Skilled in providing personal care to patients, assisting with meals and nutrition, and handling medication. Eager to join a team of dedicated healthcare professionals and contribute to providing quality patient care.

PROFESSIONAL EXPERIENCE

CLINICAL AIDE

06/2021 – PRESENT

St Luke's Medical Center | Quezon City, Philippines

Cardiovascular Unit 3 – 2 Main A

- Comforted anxious patients before procedures and listened to concerns, offering support and compassion.
- Assisting clients with daily living needs while admitted to the hospital, including changing of patients' diapers, and linens, bathing and personal grooming to maintain self-esteem and general wellness.
- Documents patients' behaviour in terms of status, sleeping and eating patterns in medical record books.
- Assisted with routine checks and diagnostic testing by collecting and processing specimens.
- Provides psychological, emotional, social, and spiritual support and teachings to patients and significant others to engage in a partnering relationship toward patient's recovery and end-of-life care.
- Makes proper hand-off to other members of the healthcare team.

NURSING ASSISTANT

01/2010 – 05/2021

St Luke's Medical Center | Quezon City, Philippines

Cardiovascular Unit 3 – 2 Main A

- Ensured that all of the unit's patients got direct, hands-on care that met the Hospital's standards
- Helped patients with activities of daily living like eating and bathing
- Turned, repositioned and moved patients between wheelchair seats and beds
- Listened to patients' concerns about their health and informed a Registered Nurse or Doctor about it
- Provided patient safety, privacy and comfort
- Provided excellent patient experience to patients and or families
