## EXPERIENCE

---

*March  
2022 -  
Present*

**Rabbit Farm Caretaker**

Iban's Backyard Rabbitry - Ilocos Sur, Philippines  
Responsible in monitoring the daily diet of approximately 200 heads of rabbits with mostly hay, a smaller amount of fresh vegetables, and a limited number of pellets. Giving them fresh water twice daily and providing them a clean habitat.

Keeping of records from birth and breeding and cross-breeding of: California, New Zealand, Palomino, Chinchilia, German giant, Lionhead and Ps100 breeds.

*October  
2020 -  
December  
2021*

**Contract Tracer (CoVid-19)**

Department of Interior and Local Government  
Region I - Ilocos Sur, Philippines  
Discussed COVID-19 symptoms and necessary courses of action for suspected infections, including testing and monitoring of affected individuals and close contacts from 49 barangays. Helped interrupt chains of disease transmission and prevent additional exposures by clearly conveying risks and advice.

*September  
2018 -  
April 2020*

**Insurance Officer**

Tulay sa Pag-unlad, Inc - Mutual Benefit Association - Ilocos Sur, Philippines  
Conducts marketing and orientation, documentation, reconciliation or tallying of records of 1,400 members, on-time filing of reports using Excel and processing of claims for beneficiaries.

*June  
2015 -  
August  
2018*

**Livestock Farmer / Crop Farmer**

Hog-raising/Poultry farming and Crop Production Livelihood - Ilocos Sur, Philippines

Managing small livelihood business of raising 15 pigs (Large white, Duroc and Philippine native pig) and 200 heads of chicken for slaughter. Feed and care for the animals and take care of breeding.

Hands-on management in producing crop products like rice, tobacco, and corn in a 1 hectare farm land: from planting, fertilizing, cultivating, performing post-harvest duties, overseeing livestock, and supervising farm labor.

*March  
2012 -  
March  
2015*

**Dairy Farmer**

Kushiro Ohta Agricultural Cooperative - Hokkaido, Japan

Responsible for the day-to-day operation of farm through milking 400 cows twice daily in a herringbone milking parlour, milk processing, cow feeding and ensuring that all the milking and farming equipment are well maintained.

Able to help keep the production of milk high and able to see to all demands the cows may have needed to keep them well nourished.

Followed all safety procedures while performing assigned duties and ensured that the dairy operation was maintained in a clean and sanitary condition at all times.

Maintained accurate records of milk production for each cow on the farm and reported any unusual changes in animal health or behavior to management immediately.

Assisted with calving when needed and performed general maintenance around the farm such as mowing grass, repairing fences, cleaning waste products, and using farm tractors.
