To whom it may concern,

Good day! Human Resource Manager, I was very excited upon knowing that your company is looking for CNC Machinist. My objective is to seek a job in a position that I will be suited for and to utilize and improve all the skills, knowledge, and learnings that I have acquired during my experiences.

I am a graduate of **College Isabela State University with Associate of Science, Hotel and Restaurant Management, and (9) years of working experience**, to use my knowledge and experience appropriately to flourish within any given position that I may encounter while absorbing any and every experience along the way. It would be a huge opportunity for me to be working with you given the chance. The skill I possessed below are;

1. Technical writing and comprehension
2. Simulation, modeling, and analysis
3. Critical thinking and problem-solving skills

I am fervently hoping and praying that you will consider my herein application. Rest assured that I will give my best to help the present administration in delivering effective service.

Respectfully yours,

Joey Dalauiddao Lauigan
