

Sherwin L. Lemon BScCE

Construction Engineer, QA/QC Civil Inspector

Location	Experience
Binalonan, Pangasinan, Philippines	14 years

Qualifications/ Accreditations

- Bachelor of Science in Civil Engineering, University of the Cordilleras - Baguio City, 2006
- Bachelor of Science in Environmental and Sanitary Engg., University of the Cordilleras - Baguio City- Units earned

Key technical skills

- Project Management
 - Construction Management and Supervision
 - Site Execution
- QA/QC Works

Relevant Experience Summary

With 14 years working experience in the field of Civil Engineering as a Construction Engineer, QC inspector for building, architectural, civil, infrastructure and marine works, I have been moulded to work in a strategic and analytical manner in which professionalism, proper conduct, dedication to work and performing well under pressure is the key to proper, correct and timely accomplishment of the project. Ports, dry-docks, power plants, military bases, schools, housings, recreation centers , mosques, music buildings and theater are the main projects I have been involved and experienced in the middle east. With regards to marine works, I have almost 3 years experience in which I handled the execution and inspection regarding quay, pump room, dry dock and etc. I have a good background in civil engineering, civil instrumentation, marine civil works, roads and pavements, buildings, laboratory, documentation and operation of heavy equipments and believe that these skills would benefit in the quality and in construction aspects.

WORK EXPERIENCE:

1. MINISTRY OF DEFENCE ENGINEERING SERVICES

Muscat, Sultanate of Oman
