PROFESSIONAL SUMMARY

A dedicated and passionate educator and farm technician with a strong background in agriculture and a commitment to fostering the growth and development of students. With 14 years of experience in the field, I have honed my skills and knowledge to effectively convey the principles and practices of agriculture to students of all ages.

WORK EXPERIENCE

Farm Technician

June 2010 - Present

Don Bosco Training Center - Mati, Philippines

Crop Management:

- Planting and sowing crops according to seasonal and regional requirements.
- Monitoring and adjusting irrigation systems to ensure proper hydration of crops.
- Applying fertilizers, pesticides, and herbicides as needed for crop health.
- Weeding, thinning, and pruning crops to optimize yields.
- Harvesting crops at the right time to maximize quality and quantity.
