## CONVENTIONAL LATHE MACHINISTS

+63 985 311 6111

[benjamintundagirjp123@gmail.com](mailto:benjamintundagirjp123@gmail.com)

Albano Street, Subangdaku

Mandaue City, Cebu 6014

### SUMMARY

Operates variety of machines to perform assigned tasks. Produce or repair precision parts using manual equipment and accurate measurements. Possess manual dexterity and an eye for detail. Knowledgeable about mechanics with high respect for safety precautions. Patient and willing to learn new skills.

### EXPERIENCE

#### ***Conventional Machinist/Fitter Machinist***

#### ***Island Shipping Corporation (Mandaue City, Cebu)***

**July 2018-Present**

- Read and interpret technical drawings and manuals to understand assembly instructions and specifications.
- Assemble, install, maintain, and repair mechanical components, machinery, and equipment in accordance with engineering specifications and safety standards.
- Fabricate mechanical parts of the ship such as propeller shaft, bolt and nuts, pins, and alike according to the specified instructions and measurements in technical drawing.

#### ***Machinist/Production Operator***

#### ***Hitachi Automotive Systems LTD (Saitama Prefecture, Japan)***

**March 2015-March 2018**

- Operates NC Machine.
- Fabricate car parts such as rack and pinion.
- Perform production related work as requested by the shift leader.
- Maintain and calibrate precision measuring tools, uses gauges caliper, micrometer to measure work.
- Verify dimensions of machined parts using precision measuring instruments.
- Maintain work area to the highest house-keeping standards.

#### ***Conventional Machinist***

#### ***Wellmade Motors and Development Corporation (Mandaue City, Cebu)***

**October 2008-March 2013**

- Operates manual lathes, manual millings and portable onsite line-boring machines.
- Fabricate parts as per customer specifications.
- Fabricate and shaped parts such as tools and machine parts out of metal plastics and composites.
- Proper handling of measuring instruments.
- Cleaning and maintaining a clean and well operated working area and machine required.
- Complete logbooks of each job at work station.

## EDUCATION

### ***Vocational***

#### ***Mechanical Technology***

*Don Bosco Training Center Mati Inc.*

School Year 2007-2008

### ***Secondary Education***

*Davao Oriental Academy*

school Year 2002-2006

### ***Elementary Education***

*Marayag Elementary School*

School Year 1996-2002

## SKILLS

- Proven experience as conventional machinist
- Experienced in using manual tools and machines (e.g. lathes, milling, portable on-site line boring machine, grinders)
- Ability to use precision tools (e.g. calipers, micrometers, bore gauge) to take accurate measurements
- Knowledge of the properties of metal and other material
- Ability to read blueprints and manuals
- Physical stamina and strength to lift heavy items
- High school diploma or equivalent; completion of vocational training or an apprenticeship
