Dear Hiring Manager,

I am writing to apply for any job open position that fit to my experience at your esteemed organization. With a strong background in operation also in audio engineering and electronics, I am confident in my ability to contribute to your team and assist in the smooth operation of your electronic systems. I hold a degree in Electronics and Communication Engineering, which I obtained from AMA University/College in 2010. During my studies, I gained a solid foundation in electronics principles, circuit design, digital systems, and communication technologies. I have also consistently sought opportunities to enhance my skills and stay updated with the latest advancements in the field.

I have gained valuable experience and expertise in my current role as an Audio Technician Engineer at GMA Network, Inc., where I have been employed since August 2013. In this position, I have worked extensively with audio equipment, ensuring optimal sound quality during news, film and television productions. My responsibilities include troubleshooting and repairing audio systems, setting up equipment for recording and broadcasting, and providing technical support to production teams. This experience has honed my problem-solving skills and equipped me with a deep understanding of electronic systems.

Prior to my role at GMA Network, I served as an Electronics Technician Supervisor at TEXAS INSTRUMENTS under Mepcon Philippines Incorporated from April 2010 to July 2012. In this role, I supervised a team of technicians and oversaw the maintenance and repair of semiconductor equipment. I was responsible for troubleshooting complex electronic systems, conducting performance tests, and ensuring compliance with safety standards. This experience enhanced my leadership abilities and strengthened my technical knowledge in electronics.

With my strong technical expertise, attention to detail, and commitment to excellence, I am confident in my ability to contribute to your organization as an Electronic Technician. I am adept at diagnosing and resolving technical issues, performing routine maintenance, and ensuring optimal functionality of electronic systems.

Thank you for considering my application. I would welcome the opportunity to discuss how my skills and qualifications align with your organization needs in more detail. I have attached my resume for your review, and I look forward to the possibility of contributing to your team.

Sincerely,

JOSEPH D. TECSON
