## CAREER SUMMARY

Dedicated and skilled Electrical/Mechanical Technician with a comprehensive background in installing, maintaining, and troubleshooting electrical and mechanical systems. With a career spanning from Saffori Land Amusement Park in Riyadh, Saudi Arabia, to R.G. Polytech Corporation in the Philippines, I have demonstrated proficiency in ensuring the reliable operation of major amusement rides, electrical installations, and industrial equipment. My expertise includes emergency breakdown response, preventive maintenance, and a commitment to fostering a safety-first culture. I possess hands-on experience in heavy equipment operation, precision in installation, and welding tasks. I bring a holistic approach to problem-solving, blending technical knowledge with adaptability and continuous learning.

## SKILLS

- Electrical Installation and Maintenance
- Mechanical Expertise
- Safety Compliance
- Emergency Breakdown Response
- Equipment Testing
- Preventive Maintenance
- Team Collaboration
- Heavy Equipment Operation
- Troubleshooting
- Precision in Installation
- Welding
- Flexibility
- Adaptability
- Attention to Detail

## WORK EXPERIENCE

**Saffori Land Amusement Park/Snow City Riyadh**

2014/10/24 - Present

**Al Othaim Mall Abdulla Al Othaim Leisure and Tourism Company, Riyadh Kingdom of Saudi Arabia**

**Electrical/ Mechanical Technician**

- Installed and maintained the power supply lines for major amusement rides, ensuring a reliable and safe electrical infrastructure.
- Conducted precise installation and dismantling of various major rides, including Drop Tower, Zero Gravity, Super Jumper, and Bumper Car, contributing to the park's operational success.
- Responded promptly to emergency breakdowns, performing both mechanical and electrical services to minimize downtime and enhance ride safety.
- Set up and tested diverse mechanical, electrical, hydraulic, and pneumatic equipment in controlled environments, ensuring optimal performance.
- Executed preventive maintenance procedures on equipment, following strict safety protocols and standard operating procedures.
- Cultivated a safety-first culture, promoting a positive attitude and teamwork among colleagues while working on challenging tasks.
- Demonstrated physical prowess by engaging in heavy lifting, pulling, pushing, climbing, and bending to meet the demanding requirements of amusement park equipment maintenance.

**R.G.Polytech Corporation, Philippines**

2012/01/16 - 2014/03/24

**Electrician**

- Installed and pulled cables, ensuring accurate placement and connections while prioritizing the safety of the workers.
- Conducted the installation of circuit breakers, panel boards, cable trays, and termination of lighting fixtures, contributing to a well-functioning electrical system.
- Troubleshooted power supply issues, addressing both high voltage and low current installations efficiently.
- Operated a forklift and performed mechanical works, including welding tasks, showcasing versatility in skills.
- Collaborated in the box setting of power outlets and the termination of Main Distribution Panels (MDP), Distribution Boards (DB), and Control Panels (CP).
- Maintained a high level of precision in the installation of electrical materials, ensuring compliance with safety standards.
- Acquired expertise as a forklift operator, contributing to the efficiency of material handling operations and supporting various mechanical tasks.

## CERTIFICATIONS

**Electrical Installation and Maintenance NC II**

TESDA

Certificate No. 14130802015929

Issued on: 2014/07/17

Valid until: 2019/07/17

**Electrical Technician**

GAINTECH Technical skills development Training center Inc.

2012

## EDUCATION

**2 Year Information Technology major in Computer Technician**

Imus Computer College ( ICC-GMA ), Philippines

2009-2011
