

Marco O. Abellar

Professional Summary

Skilled in TIG, MIG, ARC, and spot welder providing background in manufacturing of stainless steel metal-sheet, CS/SS pipe tube and mild steel. Proficient at using TIG welding machine equipment to produced quality results. Skilled at reading blueprint specifications, calculating measurements and checking finished product to accurate work. Focused TIG welder and fabricator with more than 6 years in fabrication and welder production. Expert at assembly, installing, polishing to meet exceed quality standard.

Work Experience

TIG welder and metal-sheet fabricator

Global Food Machinery,Australia, 06/2023-12/2023

- **PROJECTS:** Stainless steel Commercial kitchen DUTIES and RESPONSIBILITIES: - Fabricate and weld stainless steel metal-sheet by making sink, banches and hoods. - Tack, assembly and fullweld sink, benches and hoods and installing it into the jobsite. - Fabricate and fullweld CS/SS pipe tube 2 mm thick by 10" diameter by using water pipe/drainage from the sink. - Maintain and perform minor repairs on welding, brazing and soldering equipment. - Poloshed finished product by using angle grinder and polishing materials such as buffing wheel and buffing soap for stainless steel mirror type.

TIG welder and fabricator (Stainless steel metal-sheet)

Sector Steel Doha,Qatar, 04/2021-04/2023

- **PROJECTS :** Stainless steel commercial kitchen DUTIES and RESPONSIBILITIES: - Fabricate and weld stainless steel metal-sheet by making sink, cabinets, hoods and benches. - Fabricate and weld Stainless steel pipe tube 5" diameter by 2 mm thick by making handrails and balconies. - Polished finished product by using angle grinder and polishing wheel. - Fabricate and bend stainless steel metal-sheet by using bending machine and CNC machine. - Installed finished product into the jobsite such as commercial kitchen and handrails as well.

SMAW (Arc) Welder fabricator

Family welding shop,Philippines, 13/2020-13/2020

- **PROJECTS:** Steel Truces, Steel gates, Window grills DUTIES and RESPONSIBILITIES: - Fabricate and weld using arc welding machine light metal steel such as C purlins, Square bars, Steel bars by making Steel truces, window grills and steel gates. - Take measurements according to drawing plan, Cutting by using angle grinder or cutting wheel to prepare materials. - Fabricate structural materials such as H beam , I beam preparing for installing into the jobsite. - Assembly and installing steel gates, steel fances and steel truces. - Ensure the safety of the work by using Personal Protective Equipment or PPE.

Equipment Supervisor/ Welder

12/30 Construction Supply,Philippines, 10/2017-10/2019

- **PROJECTS:** National Housing Authority (NHA) Land Department DUTIES and RESPONSIBILITIES: - High quality of workmanship. - Must have a 'can

Graduate of Bachelor of Science in
Computer Science. Major in
Information Technology

do' attitude to problem solving and creative design. - Repaired the heavy equipment such as dump box of dumptruck by using Angle grinder and arc welding machine. - Ensure the safety workplace by using PPE procedure.

TIG welder fabricator

RAMCAR Tech. INC.,Philippines, 06/2017-06/2017

- PROJECTS: Stainless steel Commercial kitchen DUTIES and RESPONSIBILITIES: - Fabricate, fullweld and assembly stainless steel metal-sheet by making commercial kitchen such as Sink, Hoods and Benches. - Fabricate .9 mm up to 2 mm thick stainless steel metal-sheet by using bending machine or CNC machine and shearing machine. - Layout , Fabricate and weld using angle grinder, CNC machine, Shaering machine and Press brake machine. - Polished finished product such as Sink, Hoods and Benches and preparing for installing into the jobsite.

TIG welder and fabricator

Ismail Bin Ali Trading Company,Qatar, 03/2016-03/2016

- PROJECTS: Sainless steel Handrails, Railings and balconies. DUTIES and RESPONSIBILITIES: - Set up and prepare TIG welding machine and its parameter for preparation of the work. - Fabricate and weld stainless steel pipe tube 5" diameter by 1.5 mm thick by making handrails, Railings and Balconies. - Perform the angle grinder by polishing and using polishing wheel and buffing wheel and buffing soap. - Installed finished product into the jobsite such as commercial building. - Ensure the safety of the workplace by applying PPE.

MIG and TIG welder fabricator

NANTAI Switchgear Company,Taiwan, 02/2014-02/2014

- PROJECTS: Stainless and steel Panel Board DUTIES and RESPONSIBILITIES: - Fabricate, Assembly and weld from 1.2 mm thick up to 3 mm thick stainless/steel metal-sheet by making Panel Board for electrical. - Full welding if it is necessary according to th drawing plan. - Apply 1f, 2f, 3f and 4f welding position.horizontal, vertical, and overhead as well. - Polished finished product by using polishing wheel.

Shipping Checker/ Logistics

Geyad for Commerce and Import Company,Kingdom of Saudi Arabia, 11/2010-11/2010

- PROJECTS: Steel Structure, Pipe Spools and Gas Tank DUTIES and RESPONSIBILITIES: - Responsible for releasing the materials such as structural materials into the clients. - Loading materials by using Forklift into the 10 wheelers truck by delivering into the clients. - Must be accurate in checking all materials specially by releasing.
