

# CHRISTIAN LESLEY CARABIT

12, Batibot, San Jose, Concepcion, Tarlac, Philippines | +639-36-9636-717 | christianlesley26@gmail.com

## Professional Summary

A seasoned professional with extensive experience in engineering and construction management across diverse projects and industries. Currently serving as a Site Electrical Engineer for Harmonic System Inc., overseeing construction activities, ensuring compliance with specifications and safety regulations, and coordinating contractors. Prior roles include Building Engineer positions at Santos Knight Frank and Team Global Facility Solutions Inc., where responsibilities encompassed property management, maintenance planning, and coordination of construction projects. Demonstrated expertise in preventive maintenance, energy conservation, and safety protocols. Experienced in electrical system management and troubleshooting. Accomplished On-the-Job Training at Confetti Effects Inc., gaining hands-on experience in equipment maintenance and electrical design. A dedicated and results-oriented individual with a proven track record of delivering high-quality projects on time and within budget constraints.

## Skills

- Exceptional Communication Skills
- Strong Interpersonal Skills
- Team Collaboration
- Independent Work
- Ability to Work Under Pressure
- Multitasking
- Goal Orientation
- Patience
- Flexibility
- Adaptability
- Ambition
- Motivation
- Microsoft Office Proficiency
- AutoCAD Knowledge
- MATLAB Proficiency
- TinaPro Familiarity
- Dialux Experience
- Floor Plan Design
- Problem-Solving
- Attention to Detail

## Work Experience

### SITE ELECTRICAL ENGINEER - TRANSMISSION LINE

08/2023 - Current

#### PROJECT (HARMONIC SYSTEM INC.) – Philippines

- Supervise and manage construction activities at the site, ensuring adherence to project specifications, codes, and safety regulations.
- Conduct regular inspections to monitor progress, identify potential issues, and ensure compliance with engineering and design requirements.
- Coordinate and monitor contractors regarding equipment, installation, and rectification activities.
- Coordinate the procurement and delivery of construction materials, ensuring compliance with industry standards.
- Monitor the work process, perform quality assurance testing, and enforce safety requirements to ensure the integrity of the project.

### BUILDING ENGINEER (Santos Knight Frank)

06/2022 – 08/2023

#### (DEPLOYMENT RENAISSANCE 2000 CONDOMINIUM) – Philippines

- Assist the property manager in preparing and implementing operating expense budgets and capital expenditures for short-term and long-term special projects.
- Ensure compliance with building rules and regulations, prioritize safety, and maintain uninterrupted service to the building and its tenants.
- Coordinate and monitor contractors for renovation, expansion, equipment installation, and rectification activities.
- Ensure preventive maintenance programs and operation schedules are carried out by technicians, and submit summaries of service calls/work requisitions to the Property Accountant for billing purposes.
- Check and maintain the electrical system to ensure correct and safe operation, perform repairs and replacements of faulty outlets, lighting fixtures, and switches, and troubleshoot electrical equipment problems as needed.

### BUILDING ENGINEER (Team Global Facility Solutions Inc.)

01/2021 - 06/2022

#### Team Global Facility Solutions Inc. – Philippines

- Maintenance Implementation: Responsible for implementing preventive maintenance and undertaking corrective maintenance on various equipment within the building.
- Implement energy-conservation and cost-saving measures while monitoring utilities consumption to optimize efficiency.
- Track and communicate the status and completion of work requests efficiently to ensure timely resolution.
- Monitor construction works to ensure compliance with guidelines and provide regular project status reports.
- Coordinate Fire/Earthquake Drills and conduct daily coordination meetings with security, maintenance, and janitorial personnel. Monitor safety programs to prevent exposure and decrease liability for the property.

## **On-the-Job Training**

04/2018 - 06/2018

### **CONFETTI EFFECTS INC. – Philippines**

- Responsible for maintaining and organizing various equipment used for events and productions.
- Designed simple electrical plans to ensure safe and efficient electrical setups for events and productions.
- Designed wiring systems specifically for Oktoberfest events, ensuring effective power distribution and lighting arrangements.
- Worked collaboratively with team members to implement designed plans and ensure successful execution of events.
- Gained hands-on experience and practical knowledge in event management and production processes through on-the-job training at Confetti Effects Inc.

## **Education**

---

**Bachelor of Science:** Electrical Engineering

06/2019

**Mapua University - Philippines**

## **Organization**

---

- IIEE-MU Student Chapter
- IIEE Metro West Chapter

## **SEMINARS ATTENDED**

---

- **SMART GRID: INTRODUCTORY** - 2016 FEBRUARY
- **INTRODUCTION TO POWER SYSTEMS PROTECTION**
- **GREEN ENGINEERING**
- **TRANSFORMERS AND SWITCHGEARS** - 2016 MAY
- **ARC FLASH RISK ASSESSMENT**
- **POWER SYSTEM PLANNING**
- **BATTERY ENERGY STORAGE SYSTEM** - 2018 FEBRUARY
- **MITEEAA CAREER PLANNING** - 2018 MARCH
- **5TH NATIONAL ELECTRICAL SAFETY SUMMIT** - 2021 MAY
- **BASIC MOTOR CALCULATION (BASED ON PEC 2017)** - 2021 JULY
- **RA 11361 ANTI OBSTRUCTION OF POWER LINES ACT** - 2021 SEPTEMBER
- **MV & HV CABLE TERMINATION** - 2021 OCTOBER
