

# Rochelle Ann Gicaro, RChT

## Licensed Chemical Technician

In search of an institution or company where I can go professionally and extend my horizon as a Chemist. Personal and Professional Growth in the industry is very important to me. Seeking an organization where I can invest my hard work and establish a stable foundation to build is my priority.

Ugong, Pasig City, 1604, Metro Manila

### Certifications

- Heartsaver CPR AED Program (April 2023)
- Licensed Chemical Technician (October 2022)
- Accredited Pollution Control Officer (August 2019)

### Trainings

- Continuing Environmental Education Seminar (LLDA, Jan 2024)
- Heartsaver AED Program (American Heart Association, April 2023)
- Safety Manual - Basic Features and more (PIPAC, February 2023)
- Biotechnology for Everyone: Online Course series, 16 hours (PSBM, January 2023)
- Continuing Environmental Education Seminar (LLDA, Dec 2022)
- Good Laboratory Practices on Analytical Instrumentation (Shimadzu PH, March 2022)
- Continuing Environmental Education Seminar (LLDA, October 2021)
- Globally Harmonized System of Classification and Labelling of Chemicals (DOLE-OSHC, July '21)
- Atomic and Molecular Spectroscopy (Agilent, July '21)
- GC-MS Systems: Principles and Applications (Shimadzu, May '21)
- Trends and Approaches in Analytical Sciences (DLSU, September 2020)

## Experience

### Science Laboratory, In-charge

St. Paul College Pasig

June 2018 - Present

- Leads, oversees and contributes to the preparation of materials and equipment for laboratory work.
- Provides support and guidance on the technical use of materials and equipment for teaching and research.
- Performs routine work related to daily laboratory operations and other related tasks assigned by the academic team and the High School Science Coordinator.
- Develops systems to ensure that the facilities and equipment are maintained to the necessary standards.
- Oversees the ordering and maintenance of stocks, lab materials, and consumables.

### Quality Assurance Analyst

Universal Robina Corporation

March 2015 - August 2016

- Performs physical-chemical and microbiological analyses of raw materials, in-process, finished products, water, and wastewater and evaluates them as to the specified frequency of checking.
- Monitors and re-validates raw material stocks and finished goods.
- Checks support and coordinates with production regarding the sanitation condition of the plant.
- Follows Good Manufacturing Practices, safety procedures and guidelines, and company rules and regulations.
- Ensures compliance to established ISO / HACCP / Food Safety Management System.
- Responsible for incoming materials, process, line monitoring and inspection, and testing of finished goods following the Quality Plan, oPRP Plan, HACCP Plan, and the Quality Assurance and Test Manual.

## Academic History

### Graduate-level coursework in Chemistry

Ateneo De Manila University

August 2016 - January 2018

- Finished 22 units of graduate-level coursework in Chemistry for Professional Development.
- Courseworks included: Inorganic Chemistry, Natural Products Chemistry, Materials Chemistry, Mass Spectrometry, Advanced Biochemistry and Combination of Spectra to interpret structure

### Bachelor of Science Degree in Chemistry

Polytechnic University of the Philippines - Manila

June 2010 - May 2014

- Empowering Woman Scholarship Program by Zonta Club Makati (2013-2014)
- Member - Philippine Association of Chemistry Students (2010-2014)
- Member - Natural Products Society of Philippines (2013)
- Member - KATAGA PUP Honor's Society (2010-2011)
