Gibbons, Alberta

(825) 522-1754

PROFILE SUMMARY

A tourist visa holder and willing to relocate with a total of 6 years of experience in **estimating and quantity surveying**, eager about the opportunity to apply the skills in a new and challenging industry. Lack of direct experience in the diverse industry, but the practical experience gained such as analytical, collaboration and problem-solving skills are transferable skills that can be effectively applied to the commitment. Also confident that the technical expertise, coupled with adaptability, hardworkingness and willingness to learn, will leverage the engineering background to address the unique challenges posed by projects in the diverse sector.
