

JOVITO TAMPIPI

Geodetic Engineer/ Land Surveyor/AutoCAD Drafter/SEO Strategist

Davao City, Philippines | jovitotampijr@gmail.com | +639171632818

PROFESSIONAL SUMMARY

Highly skilled and dedicated Government Geodetic Engineer with four years of extensive experience in the field of geospatial technology and surveying and comprehensive experience in AutoCAD and a solid proficiency in Civil3D. Proficient in utilizing equipment and software to accurately measure, analyze, and map geographic data. Demonstrated expertise in conducting land surveys, establishing geodetic control networks, and creating precise topographic and cadastral maps to support various government projects and initiatives. I possess exceptional communication and leadership skills, allowing me to lead surveying teams effectively.

EDUCATION

University of Southeastern Philippines
Bachelor of Science in Geodetic Engineering

Davao City, Philippines
June 2019

WORK EXPERIENCE

Department of Public Works and Highways
(Davao City District Engineering Office)

Davao City, Philippines

Geodetic Engineer, Engineer I

February 2019-Present

- Proficiency in AutoCAD, with a focus on Civil3D for precise and efficient design and drafting.
- Creating 2D and 3D models, detailed drawings, and construction documentation for a range of civil engineering projects.

- Market Research: Staying up-to-date with market trends, economic conditions, and changes in financial products to offer the most relevant and timely advice.
- Professional Development: Engaging in continuous learning and professional development to enhance financial expertise and keep abreast of industry advancements.

CERTIFICATE AND TRAININGS

Geodetic Engineers of the Philippines, INC

April 2022

Davao Chapter

Training Title

- Plex Earth, Geo Calc and AutoCAD Civil 3D Software

Geodetic Engineers of the Philippines, INC

April 2022

Davao Chapter

Training Title

- Geodetic Engineers as Prime Movers and Essentials for Organizational Reforms and Economic Recovery

Geodetic Engineering Students' Society

November 2018

Training Title

- Real-Time Kinematic 101 and Condominium Titling
- Enhancing Basic Knowledge in Conformity with the Demands of Modern Applications of Surveying and Advanced Instruments

Geodetic Engineering Students' Society

November 2017

Training Title

- National Housing Authority Mandates and Geodetic Engineer Opportunities
- Housing and Land Use Regulatory Board License to Sell: Procedures, Requirements and Penalties

Geodetic Engineering Students' Society

September 2016

Training Title

- Training- Workshop for Land Administration and Management System and adoption of Digital Land Survey Data (DLSD) and ROD Electronic Technical Description (ETD)

Geodetic Engineering Students' Society

November 2015

Training Title

- Road Right Of Ways: Procedures and Requirements for Private Claims, Role of CENRO in Relation to Geodetic Engineers on steps in Public Land Survey and Role of Land Management Bureau in Approving a Public Land Survey

SKILLS

Computer: Computer Software (AutoCAD, Civil3D, GIS, Microsoft Office, Adobe, etc.)

Languages: English

Skills: Cartography and Mapping, Problem Solving, Ability to Work in a Team
