## ARCHITECT

I have 3 years of experience working on various projects types, including resort development, residential and recreational buildings, and projects as well as Site Development Planning and Project Management.

Currently, I am working as a Project Architect for DS18 & Associates Corporation. Prior joining DS18, I worked under Cresta de Oro Philippines Inc., the developer of La Jolla Luxury Beach Resort, a local resort in the Philippines.

## LICENSE · CERTIFICATION · AFFILIATED ORGANIZATION

Peninsula Chapter, member**

## PROFESSIONAL EXPERIENCE

**Cresta de Oro Philippines Inc.**  
**Junior Architect I** *Bataan, Philippines*

**January 2021 - October 2021**

During my time here, I worked as an Apprentice under an Architect, where I further enhanced my skills and contributed to various projects within the resort, contributing its development.

- Assists in drafting architectural plans & details using AutoCAD.
- Assists in 3D modeling & rendering using SketchUp & Enscape.

Projects:

- Outdoor Amphitheater with Helipad | *La Jolla Luxury Beach Resort, Bataan, Philippines*
- Outdoor Toilet | *La Jolla Luxury Beach Resort, Bataan, Philippines*
- Fitness Gym & Spa | *La Jolla Luxury Beach Resort, Bataan, Philippines*
- Maid's & Driver's Quarter | *La Jolla Luxury Beach Resort, Bataan, Philippines*

**DS18 & Associates Corporation**  
**Project Architect I** *Bataan, Philippines*

**October 2021 - Present**

During the period leading up to my board exam, I continued working as an Apprentice, contributing to the successful completion of various projects while maintaining high standards of design excellence and client satisfaction. Upon passing the board exam, I have continued to excel in my role as an Architect, demonstrating adaptability, determination, and a strong work ethic, all of which contributes to the ongoing development of our projects at Camaya Coast Beach Resort and Properties, Bataan, Philippines.

- Prepares architectural plans & details including selection of finishes using AutoCAD.
- Prepares 3D models & renders using SketchUp & Enscape.
- Prepares schematic design for various projects.
- Conceptualizes design for landscaping and site development planning.
- Coordinating with design teams, consultants, contractors, and suppliers to ensure alignment of design objectives and requirements.
- Manages project timelines, budgets, and contract documents to ensure successful project outcomes.
