PERSONAL PROFILE

I am a Licensed Electronics Technician with holistic knowledge of Audio-Visual design and implementation. Interested in a position where previous knowledge and experience can be utilized. I bring with me 5 years of A/V experience along with dependability and workmanship.

WORK EXPERIENCE

AV Project Engineer

The Hive AVLS Corporation | November 2016 - November 2021

- Maintained project schedule by monitoring project progress, coordinating site activities, and resolving site issues or technical problems.
- Determined project schedule by coordinating equipment/materials delivery schedule and sequence of site activities.
- Determined project responsibilities by identifying project phases and timelines; assigning site personnel and supervising subcontractors.
- Determined project specifications by studying system design, client requirements, and installation and functionality standards.
- Developed project objectives by reviewing project proposals and system design plans and schematics.
- Conducted end-user training on operation of presentation and AV equipment.

EDUCATIONAL HISTORY

Cebu Institute of Technology- University

BS Electronics Engineering | 2010-2015
