Las Piñas City, Philippines

SUMMARY

Proficient in diagnosing and repairing various vehicle issues, with a strong background in automotive maintenance and repair. Demonstrated ability to provide high-quality service and ensure customer satisfaction.

WORK EXPERIENCE

MacroAsia SATS Food Industries Inc.
SENIOR AUTOMOTIVE TECHNICIAN

December 14, 2022 – Up to Present

Duties and Responsibilities:

- Conducting test drives, inspections, and diagnostic tests on vehicles to identify and locate existing problems, as well as determine the necessary repairs or replacements for specific parts.
- Analyzing company vehicles to ensure proper functioning of basic automotive systems and components.
- Performing routine maintenance tasks to enhance vehicle performance, functionality, and longevity.
- Carrying out maintenance work on both gas and diesel engines.
- Ensuring refrigeration systems in reefer vans maintain the required cold temperatures.
- Cleaning and replacing auxiliary fans for evaporators.
- Checking and lubricating hydraulic tail lifts.
- Handling various maintenance tasks such as plumbing, masonry, carpentry, welding, and painting to maintain facility infrastructure.
- Conducting basic metal fabrication as needed.
- Conducting daily routine checks on Fan Coil Units (FCUs) and Air Handling Units (AHUs) to ensure proper functioning of all air conditioning units.
- Repairing and maintaining automatic roll-up doors.
- Performing preventive maintenance on exhaust hoods and cooling towers.
- Operating heavy equipment, including backhoes and automatic jack lifts.
- Upgrading the horn or federal siren.
- Installing beacon lights.
- Adding GPS and backing cameras.
- Reprocessing a refrigerated van.

Duties and Responsibilities:

- Understanding the customer's requirements and preferences for accessory fitting or upgrading, and providing suitable recommendations based on their budget and vehicle specifications.
- Researching and identifying appropriate accessories, such as audio systems, lighting upgrades, navigation systems, or performance enhancements, that align with the customer's preferences and vehicle compatibility.
- Proficiently installing and fitting accessories onto vehicles, ensuring proper alignment, functionality, and adherence to safety standards.
- Diagnosing and resolving any issues or challenges that may arise during the installation or fitting process, ensuring that the accessories function correctly and meet the customer's expectations.
- Offering expert advice and guidance to customers regarding the maintenance, care, and usage of the installed accessories.
- Proficient in performing basic preventive maintenance for both gas and diesel engines.
- Skilled in engine rebuilding and repair.
- Capable of repairing and installing radiators and water pumps.
- Experienced in removing and replacing tires, shocks, and brakes.
- Proficient in operating pneumatic tools and air compressors.
- Skilled in fixing and installing new belts, hoses, and steering systems.
- Competent in conducting thorough inspections of vehicles to assess damage or malfunctions.
- Installing a sound system and upgrading the subwoofer.
- Replacing suspension coil overs and lowering the vehicle.
- Mounting tires and upgrading wheels.
- Performing preventive maintenance.
- Topping up freon.

EDUCATION

Green Ridge School

Secondary

PATTS College of Aeronautics
