About me

Highly creative and multi-talented architect with over 6 years of experience in the architectural and construction sectors. Dedicated with a keen interest in Architecture, Design, Graphics and Photography. I pride myself in providing excellent detailed drawings within the estimated time frame and coordinating with the MEP Engineering department and Engineers on site. Exceptional collaborative and interpersonal skills; dynamic team player with well developed written and verbal communications abilities

Objective

Keen to advance further in both personal and professional development. Liaising with clients to ensure all issues are addressed in a timely manner, and that project requirements are met. Ensuring the team works together to achieve set goals and targets. Acting as a mentor to new Architects and helping them fine-tune their design skills and improve their industry knowledge.
