

# Blessa Mae R. Perucho

New Product Industrialization Sr. Engineer

I seamlessly blended my expertise in industrial engineering with adept program management. I successfully navigated the intricacies of bringing new products to the manufacturing floor, optimizing processes for efficiency and quality. With a dual proficiency in program management, I orchestrated cohesive strategies, ensuring seamless project execution. This unique combination of skills allowed me to contribute significantly to the successful integration of new products, from conceptualization to realization, within the industrial landscape.

## EDUCATION

**Bachelor of Science in Industrial Engineering**  
Cavite State University – Don Severino de Las Alas Campus  
2014-2020

## WORK EXPERIENCE

**New Product Industrialization Sr. Engineer – Int'l Precision Assemblies Inc.**

November 2022 – present

### **Program Management**

- Seamlessly integrated engineering expertise with program management skills to drive successful product launches. Navigated the complexities of bringing new products to the production line, ensuring efficient processes and timely delivery. With a keen eye on quality and cost-effectiveness, this extended beyond engineering to encompass effective program coordination, contributing to the overall success of the projects.

**Industrial Engineer – Int'l Precision Assemblies Inc.**

September 2020 – November 2022

### **Industrial Engineering**

- Spearheaded initiatives to enhance production efficiency and minimize costs. Systematically addressed operational challenges, resulting in notable improvements through the application of data-driven insights and continuous improvement strategies. Ensured the smooth integration of optimized workflows, emphasizing quality and adherence to industry benchmarks through collaboration closely with diverse teams.

**Reliever Service Crew – Big Bites Naic**

August 2019 – March 2020

- Efficiently handled customer orders, maintained a clean and organized workspace, and ensured timely food preparation. Adeptly managed transactions and provided excellent customer service, contributing to a positive dining experience. Honed multitasking abilities and emphasized the importance of quick, quality service in a fast-paced environment.

**Intern – Danam Philippines Inc.**

June 2019 – July 2019

### **Lean/Continuous Improvement**

- Experienced in lean methodologies and drive continuous improvement initiatives. Skilled in identifying and eliminating waste fostered cross-functional collaboration and successfully optimized workflows. Measurable results and data-driven analysis has consistently contributed to a culture of efficiency and sustained improvement in various operational contexts.

## CERTIFICATION

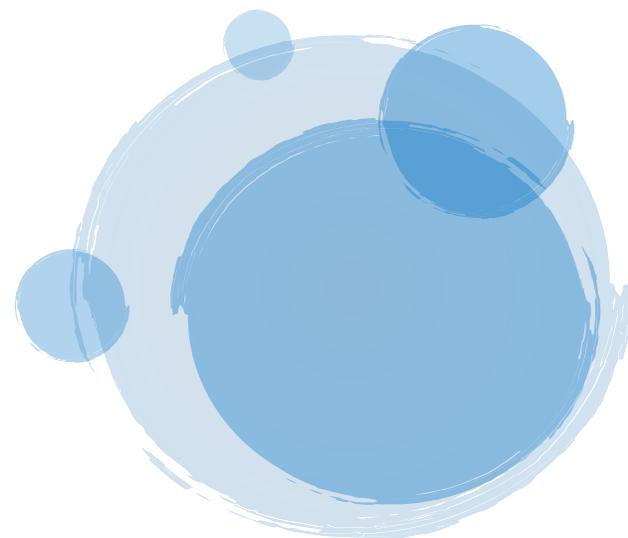

- Project Management Fundamentals Certified**  
Certification Number: PMFC-032722-22
- Lean Six Sigma Yellow Belt**  
Certification Number: CLSSYB-080220-76

## HARD SKILLS

- Project Management
- Industrial Engineering
- Labor Cost Estimation
- Process Failure Mode and Effect Analysis
- Defects per Million Opportunities
- Manufacturing Defect Rate
- Lean Six Sigma
- 8D, DMAIC

## SOFT SKILLS

- Microsoft Office literate
- Speaking and writing in English
- Multi-task performer
- Problem solver
- Can work under pressure
- Can easily get along with other people
- Customer driven employee
- Can communicate well in different race of customers

I hereby declare that the details furnished above are true and correct to the best of my knowledge and belief and I undertake to inform you of any changes therein, immediately.
