WORK EXPERIENCE

Department of Education - Tarragona District | Philippines 2019 - Present

Position: Teacher III / School Nurse / School SPED Coordinator

- Conducted classroom inspections for early detection of signs.
- Administered visual and auditory screenings, height and weight measurements, and deworming.
- Managed school clinic functionality and ensured proper sanitation.
- Implemented Nutrition Programs to meet standards.
- Delivered engaging science lectures to 3rd to 6th-grade students for 30 hours weekly.
- Utilized diverse teaching techniques to enhance learning.
- Developed and executed lesson plans, integrating multimedia tools.
- Maintained open communication with parents, students, and faculty.
- Conducted thorough grading and provided targeted support.
- Collaborated with colleagues to foster a supportive learning environment.
- Motivated students to practice scientific skills and critical thinking.

Department of Health - Municipal Health Office – Tarragona | Philippines 2016 - 2018

Position: Nurse I

- Identified and addressed needs of individuals, groups, families, and community, providing prenatal, antenatal, and postnatal care, child immunizations, and maternal delivery assistance.
- Interpreted and implemented nursing plans, supported health team members, and acted as resource speaker on health topics.

- Advocated for health programs through IEC materials, conducted advocacy education sessions, and organized orientation/training for groups.
- Provided direct care in various settings, engaged families in care of sick individuals, and monitored community health through visits, recording and reporting health status.

Davao Oriental Provincial Medical Center – DOPMC – Medicine Ward | Philippines 2012 - 2016

Position: Staff Nurse

- Provided direct nursing care, identified patient needs, and planned and evaluated nursing care.
- Admitted patients and assisted with movement and body alignment.
- Recorded vital signs, observed medical asepsis, and reported observations to physicians.
- Addressed emotional and spiritual needs of patients, acted as liaison between patients and hospital staff.
- Prepared patients for procedures, administered medications, and provided instructions to patients and families.
- Ensured proper equipment care, performed postmortem care, and guided nonprofessional nursing personnel.
- Interpreted hospital policies, gave health teachings, and maintained relationships with hospital personnel.
- Accurately charted medications and treatments, and attended meetings and conferences.
