

JOSE VICENTE A. VERGARA

Architecture Graduate and Draftsperson

jayveevergara@live.com · www.linkedin.com/in/jvavergara

OBJECTIVE:

Highly motivated architecture graduate with a keen eye for detail, seeking a drafting technician role in Canada. Dedicated to creating precise technical drawings and supporting innovative architectural projects. Committed to continuous learning and collaboration in a dynamic team environment.

WORK EXPERIENCE:

CIVIL SITE DEVELOPMENT DRAFTSPERSON AND DETAILER

ArchEn Technologies Inc. - October 2021 - Present

Pasig City, Metro Manila, Philippines

- Created detailed construction drawings for over 20 industrial projects, including malt terminal, boiler houses, truck marshalling areas and power plants. Earned the company's trust for additional project responsibilities, showcasing effective multitasking ability and consistently meeting deadlines and budgets.
- Improved communication between designers and contractors by translating designs into clear and detailed construction drawings. This proactive approach reduced RFI's during project implementation, enhancing overall project efficiency.
- Developed standardized drawing details in AutoCAD for civil site development, ensuring consistency and high quality in the company's design foundation for current and future projects. Demonstrated unwavering commitment to detail and precision.
- Provided detailed and organized response to approval and information requests using MS Word. Consistently adhered to civil structural designers' recommendations and standards, ensuring accurate communication of critical project information.
- Performed site inspections to gather necessary data for design development. Prepared technical reports for designers and consultants to ensure accurate project outcomes.

EDUCATION AND TRAININGS:

Bachelor of Science in Architecture – Sept. 2020

Mapúa Malayan Colleges Laguna
Cabuyao City, Laguna, Philippines

Site Planning Online - May 2023

Massachusetts Institute of Technology (MITx)
through EdX

Dynamo for Revit – July 2022

XStructures and Engineering Consultants –
Authorized Autodesk Training Center

Revit Structure Fundamentals - July 2022

XStructures and Engineering Consultants –
Authorized Autodesk Training Center

Advanced Revit: Family Creation – July 2022

Microcadd Institute Inc. – Authorized Autodesk
Training Center

NOTABLE SKILLS:

- **Autodesk** (AutoCAD, Revit Architecture and Structure)
- **Sketch-up**
- **Microsoft Office** (Outlook, Word, Excel and PowerPoint)
- **Microsoft Windows**
