## OBJECTIVE

Seeking a challenging and well rewarded position in the construction industry where I can use my expertise and skills as a civil engineer for organizational and personal growth. I am looking for a company where I can practice my experience and education to help the company reach and eventually surpass its goals.

## PERSONAL STATEMENT

I am a focused and efficient individual with vast experience in the construction industry from preparing the detailed quantity and cost of the project to implementing, monitoring the progress and completion of the project.

## WORK HISTORY

### San Miguel Holdings Corp. (SMHC)

Mandaluyong, Philippines  
2014-Present

### Senior Engineer (Technical Department)

- Assuming a role of a Project Manager
- Prepare and review various technical documents for bidding
