SUMMARY

Goal motivated, enthusiastic, passionate and hard-working young person who prioritizes the task given above anything else to execute a well desired outcome. Willing to work under pressure alone or as a member of a team, and learn from the practice in field as an architect. The opportunity interests my eager self to apply and work because of the chance it gives me to mature in the practice of architecture, learn and apply it in the profession as I strive to enhance my continuing development. I believe that the job will help me grow, and that I am suitable for the position because of my ability, talent, flexibility and dedication to fulfill my task and duty as well as to serve with integrity.
