

Ronnie Gurrobat

Machinist

Highly Skilled Machinist with 19 years' experience in operating and maintaining various machines to produce precision parts. Seeking a challenging position to utilize my skills in setting up tools and performing quality check on the finished products. Committed to ensuring safety protocols are followed while striving for efficiency and quality in production.

Address

668, Route 101 S, Saint
Bruno de Guiges Quebec
J0Z2G0 Canada

Education

2002-2003

Vocational- Fitter Machinist

Don Bosco Technical College

1992-2002

Secondary

Mandaluyong High School

Expertise

Can Operate different machines

- Lathe, Milling, Grinding machine
- Arc , Acetylene, Thick and Migs welding machine
- .U.F ULTRA 23/33 Portable Line Boring Machine
- Hydraulic Press machine
- Drill, Groove Cutting, Shaper and Radial Drill Machine

Language

English

Filipino

Experience

June 2023 to Present

DJB EQUIPEMENTS MINIERS INC. (Quebec Canada)

Machinist/ Machining and Toolings Inspector

- Uses Lathe Machine for Threading, facing, turning, boring, and drilling operation
- Uses Milling Machine for drilling and forming metal materials.
- Uses Radial Drill Machine
- Uses Horizontal Band Saw Machine
- Uses Portable Line Boring Machine for Re-boring the Bores of Excavator (Arm and Bucket), Louder (Bucket), Grader, Shovel, Z-Link, Dog Bone, Scissors Lift, Mine cat Boom,
- Uses ARC and MIG Welding Machine.
- Responsible for Fabricating Parts, Maintenance and Repair Parts for Light Vehicle, Water Pump, Generator, Dump Truck, Trailer, Bus, Grader, Excavator, Roller Compactor, and other Equipments.
- Responsible for Fabrication, Machining, Threading, Facing, Turning, Boring, Knurling, Drilling, Reconditioning, Welding, Fabricate and repair bolts, nuts, bush, pin, washer, hinges, center bolt, conveyor roller, Hydraulic boom, shafting, flanges, bearing housing, Piston arm (Honing), sleeve, cylinder shafting, Thrunion nut and Thrunion Axle, Leaf spring center bolt, Thrasher roller, Brake booster flange, stud bolt, King Pin housing left and right (Grader), and Bracket for hydraulic Jack, dowel pin, telescopic cylinder and roller also bracket for hydraulic jack for the heavy equipments.
- Repair and Recondition thru Welding of the Buckets
- Responsible for the Welding and Build-up the Bores for need Line Boring Procedures.
- Conduct field Service for Line Boring Job
- Uses Caliper, Micrometer, Internal Micrometer, Bore Gauge, Dial Gauge, Inside and Outside Caliper, Divider and Telescopic gauge.

January 2016 to May 2023

Central Diesel Clinic (Bosch Diesel Center Calibration) Philippines

Machinist/Technician

- Uses Caliper, Micrometer, Internal Micrometer, Bore Gauge, Dial Gauge, Inside and Outside Caliper, Divider and Telescopic gauge.
- Uses Lathe Machine for fabricate Parts materials.
- Uses ARC Welding Machine.
- Repair and Assemble Turbocharger, Injection Pump and Injectors.
- Uses Caliper, Micrometer, Internal Micrometer, Bore Gauge, Dial Gauge, Inside and Outside Caliper, Divider and Telescopic gauge.
- Uses Lathe Machine for fabricate Parts materials.
- Uses ARC Welding Machine.
- Repair and Assemble Turbocharger, Injection Pump and Injectors.
- Operate HARTRIDGE machine "Toledo HEUI" (Hydraulic Electronic Unit Injector) for testing and Calibrate.
- *C7 injector for Sennebogen Crane, Soimec SC-80 and Excavator injector.
- *C9 injector for Bulldozer, Genset and Air compressor.
- Operate HARTRIDGE machine (Sabre CRI master and Sabre CRI Expert) for testing and Calibrate CRDI (Common Rail Direct Injector) Denso, Bosch, Delphi and Continental injectors.
- Helper Mechanic

Experience

○ November 2013 to November 2015

AL Jaber Engineering Company L.L.C - Qatar

Machinist

- Uses Caliper, Micrometer, Internal Micrometer, Bore Gauge, Dial Gauge, Inside and Outside Caliper, Divider and Telescopic gauge.
- Uses Lathe Machine for Threading, facing, turning, boring, and drilling operation
- Uses Milling Machine for drilling and forming metal materials.
- Uses Surface Grinding Machine for finishing the size of materials.
- Uses Radial Drill Machine
- Uses Horizontal Band Saw Machine
- Uses Line Boring Machine (Fabricate Only in Workshop) for Re-boring Excavator (Arm and Bucket), Loader (Bucket), Grader and Shovel.
- Uses ARC Welding Machine.
- Responsible Fabricating Parts, Maintenance and Repair Parts for Light Vehicle, Water Pump, Generator, Dump Truck, Trailer, Bus, Grader, Excavator, Roller Compactor, and other Equipments.
- Responsible for Maintenance, Fabrication, Machining, Threading, Facing, Turning, Boring, Knurling, Drilling, Reconditioning, Welding, Fabricate and repair bolts, nuts, bush, pin, washer, hinges, center bolt, conveyor roller, Hydraulic boom, shafting, flanges, bearing housing, Piston arm (Honing), sleeve, drum brake, disk brake, hubs, cylinder shafting, Thrunion nut and Thrunion Axle, Leaf spring center bolt, Thrasher roller, Brake booster flange, stud bolt, King Pin housing left and right (Grader), spider wheel, and Bracket for hydraulic Jack, dowel pin, telescopic cylinder and roller also bracket for hydraulic jack for the heavy equipments.

○ January 2012 to November 2013

JELD ENGINEERING WORK SUB- CONTRACTOR- Philippines

Machinist

- Uses Caliper and Micrometer, telescopic gauge.
- Uses Lathe Machine for Threading, facing, turning, boring, and drilling operation
- Uses Milling Machine for drilling and forming metal materials.
- Uses Surface Grinding Machine for finishing the size of materials.
- Uses ARC Welding Machine.
- Fabrication.

○ June 2009- October 2011

UNICHARM GULF HYGIENIC INDUSTRIES LTD.- Saudi Arabia

Machinist

- Uses Caliper and micrometer, telescopic gauge.
- Uses Lathe Machine for Threading, facing, turning, boring and drilling operation
- Uses Milling Machine for drilling and forming metal materials.
- Uses Acetylene and ARC Welding Machine
- Maintenance the Diaper and Tissue Machine (Repairs and fabricate the broken parts of diaper and Tissue machines and Also modifications the Parts.)
- Maintenance the Conveyor (Repairs and fabricate the rollers of conveyor)
- Help the supervisor Piping and Ducting Installation.
