• Playing volleyball, Eating, riding my motor  
Playing volleyball is my favorite hobby when I was a child up to now. I started playing it when I was an Elementary pupil. When I was in my Highschool days I even achieved my goal to played in a Regional Level. And during my college days I am one of a varsity player in our school and I achieved my dream to be in Regional Level also. My another hobby are eating because it makes my problem go away. I love also rides everywhere when I have my day off, I feel good and refresh my mind about different views I see.
