PROFILE SUMMARY

A machine operator with over 10+ year of experience operating, maintaining and repairing industrial packing equipment in high-volume production environments. A proven track record of identifying and resolving quality control issues. Adept in coordinating teams to improve throughout efficiency. Effective at managing multiple tasks and constantly able to deliver a high level, systematic standards of performance in a timely and cost-effective manner. I wish to seize a new professional opportunity where my knowledge and experiences in driving will be helpful in accomplishing all objectives.
