

JIVEN PEPITO

Consolacion, Cebu Philippines • +639291587950 • jivenpepito20@gmail.com

PROFESSIONAL SUMMARY

Demonstrated versatility and expertise across various maritime roles and vessel types, encompassing Able Seafarer, Motorman, Oiler, Engine Cadet, and Fourth Engineer positions on bulk carriers, tankers, and passenger vessels worldwide. Proven skills in seamanship, engine operation, machinery maintenance, and ensuring stringent safety adherence in dynamic, cross-cultural environments. Adept in emergency response, troubleshooting, and navigation, with a strong track record of compliance with maritime regulations. Possesses leadership acumen in critical situations, coupled with technical competence and adaptability to diverse maritime roles, highlighting an extensive tenure in the maritime industry.

SKILLS

- Inter-cultural Collaboration
- Team Collaboration
- Daily Task Management
- Precision and Accuracy
- Adaptability to Challenging Environments
- Maritime Operations
- Engineering Expertise
- Vessel Maintenance
- Safety Protocols
- Mechanical Troubleshooting
- Operational Support:
- Technical Aptitude
- Navigation and Seamanship
- Inventory and Supply Management
- Leadership Skills
- Documentation and Reporting
- Work Ethic
- Problem-Solving
- Communication Skills
- Adaptability and Flexibility
- Regulatory Compliance

WORK EXPERIENCE

ABLE SEAFARER/MOTORMAN/OILER

Guangzhou Huayang Maritime Co., Ltd - China

03/2023 - 12/2023

- BULK CARRIER SHIP | World Wide Trade
- Skilled in the operation, maintenance, and repair of various marine equipment including engines (4-stroke and 2-stroke), pumps (hydraulic, gear, centrifugal, piston, rotary), air compressors, sewage treatment plants, generators, purifiers, boilers, and oily water separators.
- Responsible for overseeing the operational condition of machinery in the engine department to ensure efficiency and normal functioning.
- Conduct regular patrols in the engine room to identify and address potential leaks or fire hazards.
- Maintain cleanliness in the engine room and organize tools and spare parts for efficient inventory management.
- Proficient in operating and managing lifting equipment (overhead crane and chain blocks), adhering to safe working load standards for smooth operations.

ABLE SEAFARER/MOTORMAN/OILER

Tsakos Maritime - Athens, Greece

12/2021 - 10/2022

- VERY LARGE CRUDE CARRIER Tanker | World Wide Trade
- Skilled in operating, maintaining, and repairing a range of machinery including marine diesel engines (Yanmar, Daihatsu, Himsen - 4 stroke), main propulsion engines (MAN B&W - 2 stroke), various pumps (Lube oil, Fuel oil, Fresh water, Seawater - Hydraulic, Gear, Centrifugal, Piston, Rotary types), air compressors, sewage treatment plants, fresh water generators, purifiers (Alfa Laval and Mitsubishi), boilers, and oily water separators.
- Responsible for ensuring the smooth and efficient operation of all machinery within the engine department.
- Conduct regular patrols in the engine room to detect and address any signs of leaks that could potentially cause fires.
- Maintain cleanliness in the engine room and ensure all tools and spare parts are properly stored and organized for efficient inventory management.
- Proficient in operating lifting equipment such as overhead cranes and chain blocks, ensuring compliance with safe working load standards for safety and effective operations.

ABLE SEAFARER/MOTORMAN/OILER

Tsakos Maritime - Athens, Greece

08/2020 - 03/2021

- BULK CARRIER SHIP | World Wide Trade
- Proficient in the operation, maintenance, and repair of marine diesel engines (Yanmar, Daihatsu, Himsen - 4 stroke), main propulsion engines (MAN B&W - 2 stroke), various pumps (Lube oil, Fuel oil, Fresh water, Seawater - Hydraulic, Gear, Centrifugal, Piston, Rotary types), air compressors, sewage treatment plants, fresh water generators, purifiers (Alfa Laval and Mitsubishi), boilers, and oily water separators.
- Responsible for ensuring all machinery within the engine department operates efficiently and safely.
- Conduct regular checks for potential leaks that might lead to fires within the engine room.
- Maintain cleanliness in the engine room and organize tools and spare parts for efficient inventory management.
- Skilled in operating lifting equipment like overhead cranes and chain blocks, ensuring adherence to safe working load standards for safety and efficiency.

RATING FORMING PART OF ENGINE WATCH/WIPER

Tsakos Maritime - Athens, Greece

03/2019 - 01/2020

- BULK CARRIER SHIP | World Wide Trade
- Responsible for ensuring cleanliness and proper housekeeping across various areas of the ship including the Engine Room, Control Room, Steering Room, Workshop, and Elevator.
- Aid marine engineers in tasks during equipment maintenance and overhauling procedures.
- Vigilant in spotting and reporting any oil spillage or signs of leaks in pipelines, promptly notifying senior engineers about any machinery abnormalities.
- Conduct regular patrols in the engine room to identify potential leaks or fire hazards while maintaining good housekeeping by organizing tools and spare parts for inventory.
- Proficient in operating lifting equipment like overhead cranes and chain blocks, ensuring adherence to safe working load standards. Additionally, skilled in proper storage and handling of chemicals, painting metal surfaces, using hand and machine tools, basic welding, and trained in firefighting, including donning fire-fighter's suits with SCBA, and operating lifesaving equipment.

APPRENTICE ENGINEER/ENGINE CADET

Angelakus Hellas - Athens, Greece

10/2017 - 10/2018

- BULK CARRIER SHIP | World Wide Trade
- Received hands-on training in Engine Department operations and work ethics under Marine Engineers' supervision for academic onboard training.
- Learned and followed company procedures aligned with Maritime Management System and International Safety Management standards throughout daily tasks.
- Conducted daily calculations for fuel, freshwater, lube oil, sludge, and chemicals in designated tanks using Deep and Ullage sounding methods.
- Reported and learned to address abnormalities observed within the Engine Room, guided by Marine Engineer Officers.
- Followed company policies concerning safety protocols for environment, personal safety, ship/cargo/property safety, security, cyber security, anti-pollution, and garbage management. Also responsible for maintaining records of maintenance intervals, spare parts inventory, monitoring machinery running hours, and recording parameters of running machinery (temperatures, pressures, levels) on a daily basis.

4E | FOURTH ENGINEER

Trans Asia Shipping Lines - Cebu, Philippines

02/2015 - 11/2016

- Passenger Vessel | LOCAL TRADE Domestic
- Responsible for operating and maintaining various ship equipment including oily water separators, air compressors, lube oil and fuel oil purifiers, hydraulic watertight doors, ship's horn, fire-fighting equipment, fire detection systems, and all engine room pumps.
- Assisted senior engineers in maintaining and repairing main propulsion engines, diesel generator engines, and other ship equipment.
- Responsible for bunkering fuel oil, requisitioning spare parts and provisions, analyzing pipeline diagrams, supervising pipe repairs by welders, and managing pipes and fittings inventory onboard.
- Conducted maintenance and repairs of all types of valves including globe, gate, butterfly, 2-way, 3-way, etc.
- Actively participated in vessel maneuvering during arrivals and departures at the Bridge by executing the Captain's orders and requests, managing engine starting and stopping, and operating the manning telegraph.

EDUCATION

Bachelor of Science: Marine Engineering

UNIVERSITY OF CEBU (Scholar) - Philippines

2014

TRAININGS AND LICENSES

TRAININGS

ISSUED UNDER THE PROVISIONS OF THE INTERNATIONAL CONVENTION OF STANDARDS OF TRAININGS, CERTIFICATION AND WATCHKEEPING FOR SEAFARERS 1978 AS AMENDED.

1. Basic Training
2. Advance Fire Fighting
3. Proficiency in Survival Craft and Rescue Boat
4. Proficiency in Fast Rescue Boat
5. Medical First Aid
6. Ships Security Awareness Training and Seafarers with designated security duties
7. Anti Piracy Training
8. Marine Pollution Prevention / Consolidated MARPOL

LICENSE

1. 2E Second Engineer Management Level Reg. III/2
2. Able Seafarer Reg. III/ 5
3. Ratings Forming Part of Engineering Watch Reg. III/4
