

# JOHN MIKHALE P. DE CASTRO

**ADDRESS:**

**Al Nahda Sharjah, United Arab Emirates**

**Phone:**

**+971 543684227**

**Email:**

**mikhale.46@gmail.com**

## Summary Skill Highlights

---

- Stick Welding (SMAW)
- TIG Welding
- MIG (GMAW)
- Hand and Power tool operation
- Variety of Cutting Machine operator
- Attention to detail
- Can adopt in different environment with positive attitude

## Experience

---

**TIG & MIG FABRICATOR – 07/2023 to PRESENT**  
**ADVANCED ARMOUR ENGINEERING LLC Sharjah, UAE**

- Analyzing blueprints and designs
- Finding the right pieces of metal according to the design
- Following all safety and health procedures to avoid accident and hazards
- Choosing the best equipment to weld specific metals
- Identifying issues and hazards
- Operating angle grinders and other tools
- Lining up specific metal components using calipers, rulers, and clamp pieces
- Machining fabrication materials and component
- Fitting, setting, and installing fabricated structures
- Cutting and welding with a variety of processes
- Metal forming, bending, and finishing
- Repair, design, layout, and estimation
- Overseeing shop hand or helpers

- Many other industry/trade specific responsibilities

**TIG Welder and Fabricator - 05/2021 to 06/2023 Silverline  
Stainless Steel L.L.C. Dubai, UAE**

- Studying drawings and specifications to determine job requirements.
- Selecting, cleaning and preparing metal stock
- Cutting marked-out metal sections and shapes using metal cutting tools
- Aligning and joining metal sections using various welding techniques, bolting and riveting
- Cleaning and smoothing welds by grinding using flap and buffing disks.
- Machine and tool used: Welding Machine, Spot welding machine, Band Saw, Shearing Machine, Drill Machine and others
- Project types: Kitchen Equipment

**TIG Welder and Fabricator - 01/2019 to 05/2021  
Falcon Professional Kitchen Dubai, UAE**

- Studying drawings and specifications to determine job requirements.
- Clamped, held, ground or bolted component parts to obtain required configurations and positions for welding.
- Detected faulty operation of equipment or defective materials and notified supervisors.
- Operated manual or semiautomatic welding equipment to fuse metal segments.
- Monitored the fitting, burning, overheating of parts or warping, shrinking distortion, or expansion of the material.
- Machine and tool used: Welding Machine, Spot welding machine, Band Saw, Shearing Machine, Drill Machine and others
- Project types: Kitchen Equipment

**MIG Welder and Fabricator – 10/2014 to 10/2017  
JITCO Segawa Iron Works Co LTD JAPAN**

- Know how to read drawings
- Takes measurements: Plan layouts and procedures
- Determine what welding equipment and methods to use based on requirements
- Set-up components to specifications
- Prepare and align parts for welding

- Join together components, repair holes and cut through materials using specialized machine
- Quality controller
- Project types: Auto PARTS

**STICK Welder (SMAW) – 02/2014 to 07/2014**

**American Wires and Cables Co., inc PHILIPPINES**

- Maintenance Welder diagnose and repairs a variety of metal work including machinery
- Responsible for assembling pieces of metal together or repairing damage in metal component Damages.
- Includes cutting metal into shape
- Checking finished work to make sure that it falls within the tolerances marked on the drawings
- Project types: Wires and Cables

**MIG & STICK Welder – 08/2013 to 01/2014**

**SCAD Services Pte LTD PHILIPPINES**

**MIG & STICK Welder – 02/2013 to 07/2013**

**HTI House Technology Industries PTE., LTD**

## Education

---

**HIGH SCHOOL WITH DIPLOMA**

## Languages

---

English , Tagalog , japanese

## Certifications

---

- Electrical Installation Maintenance NCI
- Shielded Metal Arc Welding SMAW NCI
