EXPERIENCE

EAST PACIFIC STAR BOTTLERS PHILS INC

Ligao City, Philippines

ENVIRONMENTAL MANAGEMENT HEAD

May 2022 - Present

Tasked with developing and implementing policies for pollution prevention, waste management, and sustainability. Ensures strict adherence to government and corporate environmental regulations and proactively addresses compliance issues. Manages key programs in line with legal requirements to uphold environmental standards, and collaborates with government agencies in environmental inspections and initiatives.

Key Accomplishments:

- Successfully led the certification process for ISO 14001:2015, markedly elevating the company's environmental management and compliance standards.

POLLUTION CONTROL OFFICER

September 2022 - Present

Oversees the operation and maintenance of environmental facilities within the plant, including wastewater treatment, air pollution control, hazardous waste storage, and material recovery. Initiates awareness campaigns, conducts compliance inspections, and implements corrective actions based on internal and external audits. Additionally, Evaluates the Environmental Management System's effectiveness, aligning it with ISO 14001:2015 standards to underscore the organization's commitment to environmental sustainability and regulatory compliance.

Key Accomplishments:

- Established and led key environmental projects, including annual tree planting and river cleanups, contributing significantly to local ecosystem restoration.
- Actively participated in implementing the DENR-EMB 5's Ambient Air Quality Monitoring System, enhancing air quality monitoring and management.
- Joined the Solid Waste Management Board of Ligao City's LGU, playing a crucial role in developing and executing effective waste management strategies.

BLENDING SUPERVISOR

September 2015 – April 2022

Played a crucial role in maintaining the smooth operation of the blending department, ensuring zero material variances through daily inventory reviews. Responsibilities included overseeing water treatment operations, troubleshooting non-conformances, and ensuring the quality of produced liquor aligned with established standards. The role extended to budget preparation, implementation of the Quality Management System, and enforcing safety standards to safeguard personnel and assets, contributing significantly to the efficiency, quality, and safety of blending operations.

Key Accomplishments:

- Recognized as a Subject Matter Expert in Water Treatment Operations, demonstrating deep technical expertise and leadership.
- Appointed as Document Controller, playing a pivotal role in achieving ISO 9001:2015 certification, ensuring quality management excellence.
- Achieved the top rank in Liquor Technology Training, exemplifying outstanding proficiency and knowledge in the field.

QUALITY ASSURER

June 2013 – April 2014

Qualified and validated the quality of delivered packaging and raw materials based on established quality systems. Performed root cause analysis and suggested corrective actions for non-conformances in the system. Conducted physico-chemical and microanalysis on samples such as

water, wastewater, liquor, and other chemicals. Ensured adherence to Good Manufacturing Practices in operations.

EDUCATION

University of Santo Tomas Bachelor of Science in Chemical Engineering	March 2012
● Master Plumber Board Passer	July 2023
● Chemical Engineering Board Passer	November 2012
● <i>Committee Representative for Technical Services Committee,</i> Chemical Engineering Society- UST	2011 - 2012

SEMINARS ATTENDED

- ISO 14001:2015 EMS Internal Auditor Training Course *Bureau Veritas* May 2021
- ISO 14001:2015 Series Awareness Training Course *Bureau Veritas* October 2021
- 40-Hour PCO Training Course Environmental Laws as per DAO 2014 *Bicolandia Environmental Testing and Consultancy Services* May 2022
- The Learning Curve Series: On-line Permitting *PCAPI IVA Chapter, Inc.* July 2022
- The Learning Curve Series: Wastewater Treatment and Management *PCAPI IVA Chapter, Inc.* July 2022
- 15-hour Virtual Assistant Social Media Marketing Course (Social Media Marketing, Algorithm, Content Creation, Basic Video Editing, Lead Generation, SEO, Wordpress, and Facebook Ads) *Freelance Academy* May 2023
- ISO 9001:2015 QMS Internal Auditor Training Course *Bureau Veritas* September 2023
- ADOBE PREMIERE PRO MASTER CLASS *Graphics Media Training Philippines* March 2024
