PROFESSIONAL SUMMARY

Experienced Welder with a strong background in FCAW (Flux-Cored Arc Welding) and SMAW (Shielded Metal Arc Welding). Proficient in performing high-quality welds on various materials and structures, ensuring durability and precision. Demonstrates expertise in reading blueprints, maintaining welding equipment, and adhering to safety standards. Committed to delivering exceptional workmanship and contributing to successful project outcomes.

WORK EXPERIENCE

SPCC Southern Province Cement Plant | Saudi Arabia 2013 - 2023

Position: SMAW and FCAW Welder

- Conducted SMAW and FCAW tasks using shielded metal arc welding techniques.
- Prepared metal surfaces by removing contaminants and aligning components.
- Set up and calibrated SMAW and FCAW equipment for various welding operations.
- Inspected finished welds for structural integrity and conformance to specifications.
- Maintained welding tools and equipment, performing repairs as necessary.
- Read and followed technical blueprints and welding instructions.
- Managed welding operations to ensure consistent quality and efficiency.
- Complied with safety regulations and used appropriate safety gear.

Tsuneishi Heavy Industries Balamban | Philippines 2009 - 2013

Position: FCAW Welder

- Operated FCAW equipment to perform welding tasks on various metals.
- Prepared and cleaned metal surfaces to ensure proper welding conditions.
- Set up welding machines and adjusted settings for optimal performance.
- Inspected welds to ensure compliance with specifications and quality standards.
- Performed routine maintenance on FCAW equipment to ensure operational efficiency.
- Read and interpreted blueprints to determine welding requirements.
- Monitored welding processes to detect and address any issues promptly.
- Adhered to safety protocols and used protective equipment to prevent injuries.

EDUCATION

TESDA | Philippines 2007

Pipe Fitter

University of the Visayas | Philippines 2005 - 2006

Tertiary

SKILLS AND ABILITIES

- FCAW Welding
- SMAW Welding
- Blueprint Reading
- Welding Equipment Maintenance
- Material Preparation
- Quality Inspection
- Safety Compliance
- Heat Treatment
- Problem Solving

TRAININGS AND CERTIFICATIONS

- Certified Welder
- Certified Forklift Operator
- MIG Welding Professional
- Certified Heavy Equipment Operator
