Address: 9357 Jaywood road, Winter Garden, Florida 34787

Seeking to leverage my extensive medical education and experience in nephrology, along with my skills in patient care, clinical research, and leadership, to contribute as a biomedical faculty member at the Orlando College of Osteopathic Medicine.

Education:

- Bachelor of Science from U.E. Nuestra Sra. de Lourdes II, Faculty of Sciences (1998)
- Medical Doctor (M.D.) from Universidad de Oriente, School of Health Sciences (2006)
- Specialist in Nephrology from University Hospital "Dr. Manuel Núñez Tovar" (2011)

Experience:

Nephrologist - IPASME & Dr. Edgar Moglia Hemodialysis Unit | September 2012 - 2016

- Diagnosed and treated various nephrological conditions.
- Managed patients undergoing hemodialysis and peritoneal dialysis.
- Led medical teams for coordinated patient care.

Resident Physician in Nephrology - University Hospital Dr. Manuel Núñez Tovar | January 2009 - December 2011

- Gained comprehensive knowledge about kidney diseases through hands-on experience.
- Conducted clinical research related to nephrology leading to published work on renal failure secondary to rhabdomyolysis.

Medical Intern - Centro de Especialidades Anzoátegui C.A. | February 2008 – December 2008

Rural Doctor – Los Cocos Ambulatory Clinic & Ambulatory Clinic of Valle del Espíritu Santo | December 2007 – January 2008

Paraprofessional Bilingual Spanish - Sand Lake Elementary School | September 2017-March2020

Customer Service Representative-TTEC | September2020-June2022

Member Service Representative-Partners Federal Credit Union | November2022-Present

- Developed strong interpersonal skills and ability to communicate effectively with diverse populations.

- Gained experience in using technological platforms for remote assistance.

Skills:

Communication | Patient Care | Multilingual (Spanish & English) | Clinical Research | Leadership | Technological Proficiency (Google Workspace, Apple products, HRIS and talent management systems) | Cultural Competence

Accomplishments:

Associate Member of the Venezuelan Society of Nephrology since 2012

Member of the International Society of Nephrology since 2013

Published two research papers related to nephrology in June 2012

Certifications and Training:

COVID-19 Contact Tracing - Johns Hopkins University

Data Scientist Toolbox - Johns Hopkins University

In-Service Training Substitute Teacher - Orange County Public Schools, Florida

Basic Life Support (BLS) Course endorsed by the American Heart Association (AHA)

Online courses on Solid Organ Transplant Actualization, Hospital-Acquired Infections and Antimicrobial Resistance
