PROFESSIONAL SUMMARY:

A dedicated and compassionate healthcare assistant with extensive experience in providing support to patients and managing healthcare operations. With a solid background in both community-based health work and hospital settings, I have developed strong skills in patient care, emergency assistance, and medical support. Throughout my career, I have demonstrated the ability to effectively communicate with patients and medical teams, ensuring quality care and attention. My experience as a Health Worker and Nursing Attendant has equipped me with a hands-on approach to patient care, emergency response, and healthcare management. I am now eager to further contribute my knowledge and skills as a Health Care Assistant in your organization.

WORK EXPERIENCE

Mendero Medical Center | Philippines

2023 – Present

Position: Nursing Attendant

- Assisted in patient assessments, ensuring accurate documentation of medical conditions and vital signs.
- Supported nurses and doctors during medical procedures and administered medications under supervision.
- Assisted patients with daily activities such as bathing, dressing, and feeding.
- Maintained cleanliness and organization in patient rooms, adhering to hospital hygiene protocols.
- Responded to patient inquiries and concerns, offering comfort and support throughout their stay.
- Assisted in monitoring patient progress, documenting changes in health conditions, and reporting to senior staff.
- Provided emotional support to patients and families, helping them cope with medical situations.
- Assisted in the transportation of patients to and from various medical departments within the hospital.

Barangay Health Station - LGU of Liloan | Philippines

2018 – 2023

Position: Health Worker

- Conducted basic health assessments for community members, including blood pressure checks and health history reviews.
- Provided vaccinations and health screenings, ensuring proper documentation and reporting to the health department.
- Assisted in health education initiatives, providing information on disease prevention and healthy living practices.
- Supported in the coordination of community health programs, including maternal and child health services.
- Monitored and recorded patients' health conditions, ensuring timely follow-up and referrals when necessary.
- Assisted with emergency care services, providing first aid and stabilizing patients until further medical attention was available.
- Managed health station inventories, ensuring availability of medications and medical supplies.
- Collaborated with community leaders and healthcare teams to address public health concerns.
